## CLB?

We work together with pupils, parents and schools. **For free**, so you don't have to pay us . You can appeal to us **independently** of your school.

**Together with you** we analyse your question and see which steps have to be taken to solve your problem.

We are bound by **professional secrecy**: together we agree to what may be shared with other persons.

## YOU “HAVE TO” CONTACT CLB ...

- For a medical examination
- If you are frequently absent from school
- For orientation to special education

A review of our meetings (what we do and discuss) is kept in a file .

If you move to another school, this file may be passed to another CLB office, unless you do not consent .

Should you have any **questions** on this subject or should you like to read your file, please **contact** your CLB .
